For Registration Application
Support in Tojjar Apps

Definition:

This is an e-service provided by Human Resources Development Fund (HRDF), enabling beneficiaries to reach a wider customer base by showcasing and selling their products through delivery applications. This service diversifies sales points for productive families and facilitates their access to customers without the need to visit the agency in person.

Requirements:

- The applicant must be a Saudi national.
- A health certificate is required.
- Nine Tenths sign must be placed at the house entrance.

Steps to Apply for the Service:

- Application via the Website
