Certificate Verification- Doroob- Individuals

Certificate verification service is used via e-training program platform “Doroob” to verify the certificate's data and authenticity, such as the course name, the beneficiary's name and the number of hours.

Steps of making use of certificate verification

Go to [e-training program platform "Doroob"](#) and click

The screenshot shows the homepage of the Doroob e-training program platform. The header includes navigation links: Homepage, E-training program, Verify (highlighted with an orange box), Frequent Questions, Contact us, and User Manual. Below the header, there's a section titled "Training" with sub-links: Training Courses, Sessions (marked as New), Training Tracks, Partners Courses (marked as New), and Supported Programs (marked as New). A user profile "KHALID" is visible in the top right. The main content area features a banner for "Several training courses In the e-training program (Doroob)- Establishments Service To develop the skills of establishments employees" with a button "Enroll your establishments now." Below this is a large section titled "E-training program platform" with a search bar asking "What do you want to learn?". A green bar at the bottom displays statistics: 1.8 million beneficiaries, 10 million training hours, and 16.2 million complementary training program. The footer section is titled "Training sessions" and lists four topics: Intellectual property and emerging technologies, Protection of intellectual property in the digital community, Entrepreneurship in the electronic games market, and Develop a plan for organizing fairs and conferences. Each topic is accompanied by a video thumbnail and the text "Webinars- Interactive sessions".

Steps of making use of certificate verification

Enter the certificate code in the specified space, then click “Search” to display the certificate’s data.

The screenshot displays the HRDF E-Training portal. The top navigation bar includes links for Homepage, E-training program, Verify (highlighted in green), Frequent Questions, Contact us, and User Manual. Below this, a secondary navigation bar features the HRDF logo, a slogan, and various menu items: Training Courses, Sessions (marked as New), Training Tracks, Partners Courses (marked as New), and Supported Programs (marked as New). A user profile dropdown for 'KHALID' is visible on the right. The main content area contains a 'Certificate code' section with a text input field labeled 'Enter the certificate code' and a blue 'Search' button.
